Currently Living in Milan, IT

About Me
Outside of architecture and design I love fly fishing, hiking, and movies. My dream is to use my experience to preserve history and strengthen the built environment by exploring new relationships between old and new. I believe that beauty has been largely forgotten by the interests of capital, and I will do whatever I can to remedy this.

Skills
Architectural design & drafting
Construction documentation & administration
Sketching & idea communication
Fashion design
Atmosphere & lighting
Graphic design & typography
